

Safety Changes

New changes to eWiSACWIS

- Safety Assessment & Plan
- Out of Home Safety Plan

Safety Assessment & Plan

- What is it?
 - Combined Safety Assessment with Safety Analysis and Plan
- Why change?
 - Meet new Safety Standards
 - Reduce workload by consolidation of pieces of work and fewer approvals
 - Consistency across the State

Safety Assessment & Plan

- When will it be available?
 - July 17th, 2006
- What areas does this impact?
 - Initial Assessment (Investigation)
 - Ongoing
 - BMCW Safety Services

Safety Assessment & Plan

The screenshot shows a web browser window titled "Safety Assessment and Planning" with the address bar displaying "Microsoft Internet Explorer provided by DHFS - State of Wisconsin". The page features the "eWISACWIS" logo and navigation links for "Print", "Spell Check", and "Help". The form is divided into three tabs: "General", "Safety Assessment", and "Plan Analysis". The "General" tab is active, showing fields for "Name" (Bart Whitaker), "Worker" (Caitlin M. Cake), "Approval Date", "Type" (a dropdown menu), and a "Completed" checkbox. Below these fields are three sub-tabs: "Safety Assessment", "Description of Safety Threats", and "Plan Analysis". The "Safety Assessment" sub-tab is selected, displaying a list of 17 safety threats. Each threat is followed by two radio buttons labeled "Yes" and "No". The threats listed are:

- No adult in the home will perform parental duties and responsibilities.
- One or both parents / caregivers are violent.
- One or both parents / caregivers cannot control behavior.
- Child is perceived in extremely negative terms by one or both of the parents / caregivers.
- Parents / caregivers do not have resources to meet basic needs.
- One or both parents / caregivers fear they will maltreat child and / or request placement.
- One or both parents / caregivers intend(ed) to hurt the child and do not show remorse.
- One or both parents / caregivers lack knowledge, skill, motivation in parenting which affects the child's safety.
- There is some indication parents / caregivers may flee.
- Child has exceptional needs which parent / caregiver cannot / will not meet.
- Living arrangements seriously endanger the physical health of the child.
- Child shows effects of maltreatment, such as serious emotional symptoms and lack of behavioral control.
- Child shows effects of maltreatment, such as serious physical symptoms.
- Child is fearful of home situation.
- Child is seen by either parent / caregiver as responsible for the parent's / caregiver's problems.
- Maltreating parent / caregiver exhibits no remorse or guilt.
- One or both parents / caregivers have failed to benefit from previous professional help.

At the bottom of the form, there is an "Options" dropdown menu, a "Go" button, and "Save" and "Close" buttons. The browser's status bar at the bottom shows "Done" and "Trusted sites".

- The **General** group box indicates 'Type' and a new 'Completed' checkbox
- The 'A' & 'B' labels have been removed
- **Safety Threats** group box contains 17 questions instead of 21

Safety Assessment & Plan

The screenshot shows a web browser window titled "Safety Assessment and Planning" with the address bar displaying "Microsoft Internet Explorer provided by DHFS - State of Wisconsin". The page has a purple header with the "eWISACWIS" logo and navigation links for "Print", "Spell Check", and "Help".

The form is divided into several sections:

- General:** Includes fields for "Name:" (Bart Whitaker), "Worker:" (Caitlin M. Cake), "Approval Date:", "Type:" (a dropdown menu), and a "Completed" checkbox.
- Safety Assessment:** Contains three tabs: "Description of Safety Threats", "Plan Analysis", and "Safety Assessment and Conclusion". The "Description of Safety Threats" tab is active, showing four statements with "Yes/No" radio button options:
 - Child is fearful of home situation.
 - Child is seen by either parent / caregiver as responsible for the parent's / caregiver's problems.
 - Maltreating parent / caregiver exhibits no remorse or guilt.
 - One or both parents / caregivers have failed to benefit from previous professional help.
- Safety Assessment and Conclusion:** Includes a "Safety Decision:" field set to "Safe", a "Date of Safety Assessment:" field, and instructions for proceeding based on the "Yes/No" answers.
- BMCW Safety Services:** Contains two checkboxes: "Safety Cause Analysis" and "Safety Case Closure".

At the bottom, there is an "Options:" dropdown menu, a "Go" button, and "Save" and "Close" buttons. The browser's status bar at the very bottom shows "Done" and "Trusted sites".

- **Safety Assessment & Conclusion** group box - if safe, no further action is needed
- If Safety Threats have been identified, complete this section and continue to next tab
- **BMCW Safety Services** group box contains 2 checkboxes specifically for this unit

Safety Assessment & Plan

The screenshot shows a web browser window titled "Safety Assessment and Planning - Microsoft Internet Explorer provided by DHFS - State of Wisconsin". The page has a header with the "eWiSACWIS" logo and navigation links for "Print", "Spell Check", and "Help". Below the header is a "General" section with fields for "Name" (Bart Whitaker), "Worker" (Caitlin M. Cake), "Approval Date", "Type" (a dropdown menu), and a "Completed" checkbox. The main content area has three tabs: "Safety Assessment", "Description of Safety Threats", and "Plan Analysis". The "Safety Assessment" tab is active, showing a "Safety Threats" section with a text area for description and a table for services. The table has two columns: "Service/Activity" and "Provider/Responsible Person". Below the table is an "Available/Accessible" section with two rows of radio button options. At the bottom right are "Save" and "Close" buttons.

- All Safety Threats answered 'Yes' will have a description field
- View of the Service/Activity and Provider/Responsible Person identified to mitigate each threat. Click [Add/Edit Services](#) link to add this information

Safety Assessment & Plan

The screenshot shows a web application window titled "Safety Plan Services" with a sub-header "State of Wisconsin" and the logo "eWISACWIS". The interface includes a "Print" button, a "Spell Check" icon, and a "Help" icon. The main section is titled "Identified Safety Factors and Descriptions" and contains a text area for descriptions. Below this is a "Safety Services" section with a "Service :Activity" dropdown menu, a "Provider/Resp Person" text field, and a "Delete" button. A text area for "Specifically explain the Safety service/activity and how it will control the threat identified." is also present. At the bottom, there are two sets of radio buttons for "This needed service/activity exists." and "Service/activity/provider is currently available at level/time required.", each with "Yes" and "No" options. An "Insert" button is located at the bottom right of the form, and "Save" and "Close" buttons are at the very bottom.

- Enter the Service/Activity, Provider/Responsible Person, and Specifically Explain how service will mitigate the threat
- Answer two questions for each Service/Activity

Safety Assessment & Plan

The screenshot shows a web browser window titled "Safety Assessment - Microsoft Internet Explorer provided by DHF5 - State of Wisconsin". The page has a purple header with the "eWiSACWIS" logo and navigation links for "Print", "Spell Check", and "Help". Below the header is a "General" section with fields for "Name: Bart Whitaker", "Worker: Caitlin M. Cake", "Approval Date:", "Type: Type", and a "Completed" checkbox. The main content area has three tabs: "Safety Assessment", "Description of Safety Threats", and "Plan Analysis". The "Plan Analysis" tab is active, showing a section titled "Parent/Caregiver Protective Capacity". This section contains a question: "Can and will the non-maltreating parent or other adult in the home protect the child(ren)?" with radio buttons for "Yes", "No", and "N/A". Below this is a text box for justification. The "Analysis" section follows, with four statements and corresponding "Yes/No" radio buttons: "The parents are willing for services to be provided and will cooperate with service providers.", "The home environment is calm enough for services to be provided and for the service providers to be in the home safely.", "Safety services that control all of the conditions affecting safety can be put in place without the results of any scheduled evaluations.", and "Parents/caretaker are residing in the home." Below the analysis is a "Comments:" section with a text box for documenting the plan for a Trial Reunification and other pertinent information. At the bottom, there is an "Options:" dropdown menu and "Save" and "Close" buttons.

- **Parent/Caregiver Protective Capacity, Analysis, Comments** group boxes on this tab
- Any 'No' in Analysis will prompt completion of Out of Home Safety Plan

Safety Assessment & Plan

- Conclusion

- This will replace the current Safety Assessment and the Safety Analysis & Plan
- The Safety Assessment & Plan can be created several ways:
 - Create > Case Work > Safety Assessment > Safety Assessment & Plan
 - Auto-created as part of Initial Assessment – Primary Caregiver, Family Assessment & Case Plan, or Case Progress Evaluation
 - Created from the Options drop-down on the Initial Assessment – Narrative

Safety Assessment & Plan

- Conclusion (continued)
 - Copy Over is available for Stand-alone Safety Assessment & Plans, select from list
 - Safety Assessment & Plan completed as part of Initial Assessment will copy over into Family Assessment & Case Plan
 - Safety Assessment & Plan completed as part of the Family Assessment & Case Plan will copy over into the Case Progress Evaluation
 - Safety Assessment & Plan completed as part of the Case Progress Evaluation will copy over into subsequent Case Progress Evaluations

Safety Assessment & Plan

- Conclusion (continued)
 - One Approval for Stand-alone Safety Assessment & Plan (instead of the current two approvals for the two different pieces of work)
 - Auto-approval when the 'parent' piece of work is approved (i.e. Initial Assessment – Primary Caregiver, Family Assessment & Case Plan, or Case Progress Evaluation)
 - Two templates on the same piece of work:
 - Safety Assessment
 - Safety Plan

Safety Assessment & Plan

- Conclusion (continued)
 - Design has been finalized, was presented via Web Cast for statewide participation
 - Screen shots are for demo purposes only, these are not exactly how the pages will look in the June release
 - User Acceptance Testing will begin near the week of May 29th
 - Will be in production July 17th, 2006
 - Questions?

Out of Home Safety Plan

- What is it?
 - Updated version of current Out of Home Safety Plan
- Why change?
 - Meet new Safety Standards
 - Better organized and removal of redundant information already entered on Perm Plan
 - Consistency across the State

Out of Home Safety Plan

- When will it be available?
 - July 17th, 2006
- What areas does this impact?
 - Initial Assessment (Investigation)
 - Ongoing
 - Juvenile Justice

Case Name: Jon Abby	Case ID: 9221329	Effective Date: 02/01/2006
Child Name: Fred Smith	Worker: Caitlin M. Cake	Status: Ongoing

OHSP Jurisdiction **OHSP Placement Safety**

ICWA Placement Provider Options

Group Home approved or operated by Indian Tribe/Organization	<input type="checkbox"/>	
Institution for children approved or operated by Indian Tribe	<input type="checkbox"/>	
Other	<input type="checkbox"/>	

Describe the action taken to comply with the Indian Child Welfare Act:

In-Home Safety Plan

Safety Services Justification: Clearly outline what is needed (e.g. conditions, expectations, safety services) for the child to return home with an in-home safety plan

Document the family interaction plan (Specifically describe the parent's responsibilities to arrange/confirm visits, plan and prepare activities, assist their child with the transition at the conclusion of family interaction, and how any necessary transportation will take place):

Options:

- **OHSP Jurisdiction** tab continued...
- The **In-Home Safety Plan** group box is used to document what needs to happen for an in-home plan to be put in place and also document the family interaction plan

Out of Home Safety Plan

The screenshot displays the eWISACWIS web application interface. The browser title bar reads "Out of Safety and Planning Microsoft Internet Explorer provided by DHFS - State of Wisconsin". The application header includes the "eWISACWIS" logo and navigation links for "Print", "Spell Check", and "Help".

The "Plan Information" section contains the following data:

Case Name: Jon Abby	Case ID: 9221329	Effective Date: 02/01/2006
Child Name: Fred Smith	Worker: Caitlin M. Cake	Status: Ongoing

The "OHSP Jurisdiction" and "OHSP Placement Safety" tabs are visible. The "OHSP Placement Safety" tab is active, showing the "Placement Provider" search area with a "Search" button. The "Placement Provider Knowledge/Skills Options" section includes a question: "Do the placement providers need to acquire any special skills or knowledge to meet the needs of the child and handle the behaviors of this child in a safe manner?" with radio buttons for "Yes" and "No" (selected). Below this is a "Describe:" text field.

The "Assessing Safety in Placement" section contains two narrative text areas. The first is titled "Evaluating Safety in Unlicensed and Licensed Home When Placing a Child in Out-of-Home Care as Part of a Protective Plan. Provide information related to the assessment and evaluation of the safety of the placement." The second is titled "Reassessment of Safety of Placement: For six month re-assessment of the safety of placement provide information and justification related to confirmation of the continuing suitability of the providers, absence of safety threats, the presence of indicators that the environment is safe and the child's adjustment to the placement."

At the bottom, there is an "Options:" dropdown menu, a "Go" button, and "Save" and "Close" buttons.

- **OHSP Placement Safety** tab
- **Placement Provider** displays the provider the child is currently placed with or provider can be searched if child is not placed
- **Placement Provider Knowledge/Skills** group box is used to describe any special skills needed by the provider
- **Assessing Safety in Placement** contains narrative fields to evaluate and re-assess a child's safety in placement
